To whom it may concern

Corporate Cleaning Solutions have been contracted to clean St Brendan's School since January 2003.

I have always been satisfied with the service provided and impressed with their understanding of the need for a high standard of cleanliness in the school setting.
The firm understands the importance of cleanliness for both health and presentation reasons.

My dealings with Justin, Anthony and their staff have always been positive and I am certainly happy to recommend their services to other schools.

Sincerely

A handwritten signature in black ink, appearing to read 'Paul Drewniak'. The signature is written in a cursive, somewhat stylized script.
