TO WHOM IT MAY CONCERN

St John Vianney's Catholic Primary School has contracted the services of Corporate Cleaning Solutions throughout 2005 for the full cleaning of school offices, classrooms and amenities. On a daily basis, under the supervision of Mr Justin Ranson, the staff of Corporate Cleaning Solutions have attended to the cleaning schedules with care and attention.

A hallmark of the services of Justin and the team at Corporate Cleaning Solutions is their regular open and honest communication. In maintaining a strong relationship with School staff, Justin is able first hand, to manage the complexities of cleaning an organisation as diverse (and messy) as a school community. I applaud this attention to client focus and can recommend Corporate Cleaning Solutions on this alone.

Preparation of cleaning schedules, reports, tenders and contracts have been thorough and always professional.

The team at Corporate Cleaning Solutions understand the demands and complexities of working within a school environment and have been extremely flexible and understanding when change and compromise was required. Justin and his team clean with care and attention to detail and regularly seek feedback on their service. They are quick and willing to respond to feedback and present as an organisation committed to best practise and the provision of a quality service.

I commend Corporate Cleaning Solutions to any organisation requiring a thorough, open, professional and personal cleaning service. I welcome any further enquiries on 0409-904501.

MICHAEL KEARNEY
